

AUTOsense Features & Benefits

AUTOsense: The no-touch hand towel dispenser

AUTOsense is the latest method of controlling your wiping, whether it be in your washroom, kitchen or food preparation areas. If you are concerned about the spread of bacteria and germs in your organisation or decreasing your costs, the AUTOsense system will give you that control.

No more paper towels littering your floor or great handfuls being used where one would have done the job. AUTOsense can increase the efficiency of your operation. By holding your hand close to the sensor, a fresh, clean and ready to use towel is automatically dispensed.

Customer Needs	Feature	Benefit
Cost control & efficiency	<ul style="list-style-type: none"> ▶ Automatic dispensing of towel with four paper length setting options ▶ Single sheet dispensing ▶ 2.5 second delay option 	<ul style="list-style-type: none"> ▶ You control the length of paper dispensed giving greater "Cost in Use" options reducing overall expense ▶ Prevents over use, allowing only one sheet at a time ▶ Adds time in-between next sheet being dispensed helping reduce over use
Improved productivity	<ul style="list-style-type: none"> ▶ Controlled dispensing ▶ An open wiper is ready to use every time ▶ Easy front loading of roll ▶ Splash resistant ▶ Paper options: <ul style="list-style-type: none"> - 100m 3 ply roll white - 182m 1 ply roll white - 182m 1 ply roll blue 	<ul style="list-style-type: none"> ▶ Eliminates wiper streaming, reducing waste ▶ Better sheet usage and extra convenience ▶ Quick and easy to load with push button or lock for security, preventing pilferage ▶ Easier maintenance, makes cleaning of workplace more efficient ▶ High capacity means no roll run outs, up to 500 towels per roll with 3 ply or 900 towels with 1 ply
Hygiene	<ul style="list-style-type: none"> ▶ Single sheet dispensing ▶ Dispenser encases hand towel ▶ Automatic sensor in dispenser 	<ul style="list-style-type: none"> ▶ Only the sheets used are touched preventing cross contamination ▶ No paper is exposed that can be contaminated by contact with moisture, touch or airborne germs ▶ No need to touch the dispenser
Image	<ul style="list-style-type: none"> ▶ Smart, modern, stylish and strong ABS plastic dispenser 	<ul style="list-style-type: none"> ▶ Improved washroom image ▶ Robust and won't rust or corrode
Improved safety	<ul style="list-style-type: none"> ▶ Stylish and functional moulded plastic dispenser ▶ Easy front loading of rolls ▶ Unique moulded plastic shaped dispenser mouth 	<ul style="list-style-type: none"> ▶ No sharp edges to cut yourself on - no metal parts, no rust ▶ Quick and safe to load ▶ Reduces the risk of injury caused by feeding paper through sharp teeth
